Subject: Re: REQUEST FOR AGENDA ITEMS: FWICC Water Quality and Infrastructure Subcommittee meeting

Good afternoon .

Can we have a presentation by Treasury and municipality representative about Payment in lieu of taxes (PILT) ?

How those funds are allocated and the impact on planning ?

How it effects the water reserve fund and water unit and service rates ?

Who in city government makes the decisions regarding PILT ?

How are the amount and use of those funds monitored and reported to customers and the state ?

To continue our discussion of water rates legacy cities { with vulnerable census tracts by income and /or race } , I am submitting these maps from the EJ workgroup. The maps can also be used to identify priority areas for homes , schools and childcare water testing also.
